# Rural Economics & Co-operative Management

## SEMESTER I

PAPER	:	MJC-I	Full Marks : 100
TITLE OF THE PAPER	:	Principle of Economics	ESE : 70
CREDIT	:	6	CIA : 30

### Course Objectives :

The core objective of this paper is to study about the theoretical part of micro-economics which is essential for the practioners / professionals in the field of economics studies. In fact the major objective of micro-economics is to analyse and determine the price for goods and services that best allocates limited resources among the different alternative uses. So this paper is being proposed.

### Course Outcomes :

The course outcomes will be to develop the ability in explaining core economic terms concepts and theories. It will help to explain what economics is and why it is important. A good understanding of the paper will enhance the assessment capacity for best use of the limited resources i.e., resource management etc.
